**See Catalogue list to ensure availability from Irish Seed Savers Association Orchards*

Customer Information

Payment / Commitment:

There is no payment or commitment necessary to request a variety. Use this form to pre-book a variety for this season. There is always a chance with propagation that it will not work out due to circumstances beyond our control. We can make an alternative choice if your variety is not available.

Follow-up:

*Dear Customer,
We will contact you in Autumn once the trees are ready. At that stage they will be sold to you prior to general release for the normal one year old tree price (10% discount for supporters of course). They may be collected or posted in dormant season (Dec/Jan) for an additional P&P fee. We will contact you using the details you filled in above.*
